IL FORNO DI SIRIE - THE SIRIE BAKERY

GROUP 1 - THE INTERNATIONAL VOLUNTEERS

Context of the Location

- Sirie is a city of 10.000 inhabitants in the center of an island in the Mediterranean sea
- The local economical system is based on agriculture; the inhabitants are in a economical crisis
- In the city there is a criminal organization

Background of the Project

The group of international volunteers has collected 4000 € to build a Bakery for the biological bread in the city of Sirie. The project says that the Bakery could produce wellness and development for many people living in the area of Sirie: new job opportunities for the locals, tourism...The group knows that the cost of the project is between 3500 and 5000 €.

Goals of the Group

1. Build the Bakery
2. Start the production of the biological bread

The Action

PHASE 1. Getting into the Role
Duration 10 min.

In the first moment each participant has to chose a role among the various profile of the game draft.

PHASE 2. Starting the game
Duration 1,30 h.

The participants have defined the roles and the game can start. In the city of Sirie comes a group of international people: volunteers and staff members. The group has to get in contact with the local community to explain the project and convince the local people that the project will develop the economy and wellness of Sirie. The group must found:

- Workers (the young volunteers don't have any experience in building bakery and for the construction builders are requested)
- Materials for the construction: cartons, scotch, scissors, colored pencils

PHASE 3. Evaluation
Duration 20 min.

All the participants meet in a plenary session and speak about the outcomes of after the action, pointing out how each participant felt the role, how difficult it was to play this role, which group dynamics were set up during the playing.
